

Cullinos QA — What's New for Testers

Cycle: 2026-09 (share with the latest QA pack)
Case count: 160 test cases (was 127)

Read this before Day 1. Full steps stay in [TESTER HANDBOOK.md](#).

Production apps (updated)

App	URL	Notes
POS	https://pos.cullinos.com	Hosted — not local-only
KDS	https://kds.cullinos.com	Hosted — not local-only
Admin Portal POS	https://admin.cullinos.com/pos	In-admin counter POS (permission <code>POS_ACCESS</code>)
Order Display (CDS)	Admin → <code>/cds</code>	Replaces Pickup Queue (<code>/pickup-queue</code> redirects here)

Local POS/KDS remains an optional fallback only.

New or upgraded features to test

Admin (owner)

Feature	Path	What changed
Tables	/tables	Real create/edit UI (no longer a placeholder)
Inventory	/inventory	Real stock UI (no longer a placeholder)
Recipes	/recipes	Full recipes UI (also still in Swagger)
Loyalty	/loyalty	Dedicated loyalty page
Delivery	/delivery	Delivery orders UI
Promo Email	/promo-email	Compose / send promo campaigns
Billing	/billing	Subscription / billing page
Kitchen Display	/kds	Launcher for KDS URL
Order Display	/cds	Customer-facing preparing/ready board launcher
Digital Ordering	/kiosk	Kiosk / storefront launcher
Portal POS	/pos	Hold / resume / checkout in Admin
Forgot / Change password	/forgot-password , /change-password	Auth recovery flows

Business-type gated (often **N/A** on restaurant tenant)

Feature	Path	Visible when
Banquets	/banquets	Banquet / events business type
Brands	/brands	Cloud kitchen / multi-brand
Guests	/hospitality/guests	Hotel / room service
Rooms	/hospitality/rooms	Hotel / room service

Primary QA tenant: **enterprise + restaurant** (medium or large size so Tables, KDS, Inventory, Loyalty, Recipes, Delivery appear). Mark gated pages **N/A** unless you create a second tenant of that type.

Customer storefront

- Guest checkout still works without login (incognito).
- Optional **customer login** modal — test that browse/checkout still works as guest, and login UI opens without crashing.

Super Admin

Feature	Path
Plans	/plans
Promo Email	/promo-email
Testimonials editor	/marketing/testimonials
Design Lab	/marketing/design-lab
Settings	/settings
Forgot password	/forgot-password

Known limitations (updated)

Still expected	Not a bug anymore
Razorpay pay-now without keys → N/A	Admin Tables placeholder
Outlet comparison needs 2+ outlets	Admin Inventory placeholder
Banquets / Brands / Guests / Rooms hidden on restaurant → N/A	POS/KDS “local only”

Share pack

After `npm run qa:export` , send:

- 1. `Whats_New.pdf` (this doc)
- 2. `QA_Tester_Handbook.pdf`
- 3. `Quick_Reference_Card.pdf`
- 4. `Employee_Brief.pdf`
- 5. `TEST_RUN_SHEET.xlsx` / `BUG_LOG.xlsx` / `CREDENTIALS_LOG.xlsx`

Hand off Super Admin login securely on Day 1 (password manager — never in Excel).
